

2014 lecture: do science and God mix?

Note: tickets for the Smith Lecture are no longer on sale. You can purchase tickets for the Cosmic Chemistry lecture [here](#).

It has become accepted wisdom that science and religion represent two incompatible ways of viewing the world.

But is that true?

Prof John Lennox will address this important question. This year the Smith Lecture will be taking advantage of Prof John Lennox's visit to Australia. Previously, Prof Lennox delivered the [2008 Smith Lecture](#), when he spoke on *God's undertaker: has science buried God?*

In August 2014, City Bible Forum is hosting Prof Lennox for a national tour which culminates in an evening at the Sydney Town Hall on Monday 25 August.

Guests at the Smith Lecture will enjoy an opportunity to meet Prof Lennox and our moderator Jane Hutcheon (ABC News 24) over cocktails, as well as reserved seating at the front of the Town Hall.

Cost	\$65pp	
Date	Monday August 25	
Venue	Sydney Town Hall	
Format	5.15-6.15pm	Cocktails
	7-9pm	Lecture, moderated discussion and Q+A

2014 Lecture
